# Safetran Model 334 Cabinet

▷ ▷ The Model 334 cabinet was designed as a ramp metering cabinet; however, it has found wide acceptance in other applications such as highway surveillance, sprinkler control, and sign control.

# About the 334 Cabinet

It is well understood that one of the most critical components of a signalized intersection is the traffic control cabinet. The traffic cabinet houses the signal controller and other vital intersection electronic equipment that manages traffic flow and ensures safety for all roadway users.

Safetran (an Econolite Group company) has provided more than three decades of leading innovation and service through close alignment with its customers and the industry. Safetran's focus, along with its people and their experience, in providing traffic management solutions for New York Department of Transportation (NYDOT), California Department of Transportation (CalTrans), Federal Highway Administration (FWHA), and Transportation Electrical Equipment Specifications (TEES) projects and standards is unequalled in the industry.

As a result, Safetran provides an ideal combination of specification- and customer-driven cabinet solutions to the traffic industry with unparalleled factory support and service.

### At A Glance

- ▶ Meets all Caltrans requirements
- ➤ Two doors (one front, one rear)
- ▶ Base-mounted
- ▶ Three-point locking system
- ▶ For ramp meter controllers and accessories

#### Description

All subassemblies are mounted in a removable 19-inch Electronic Industries Alliance (EIA) self-standing rack assembly for ease of maintenance. The power supply and input files are common to the 332, 336, 336S, 333SD, and 332D cabinets. The standard 334 cabinet provides the user with 9 AC outputs and up to 28 isolated inputs. Constructed of heavy 0.125-inch aluminum, the 334 provides a durable, weatherproof enclosure designed to the NEMA 3R specification.

# **Basic Specifications**

- ▶ Dimensions
  - o 66 in, H X 24 in, W x 30 in, D
- ▶ Material
  - o Aluminum 0.125 in.
- ▶ Ship Weight
  - o 290 lbs
- ▶ Finish
  - Anodized, bare, painted, or anti-grafitti
- ▶ UL Label
  - Cabinet Housing UL 3R listed, UL File #E256326 (label optional)
